Skills

Front-End

Angular(Basic)

Back-End

ASP.NET C#, Java(JSP, Servlet)

Database

SQL

Objective

I want to work as an ASP.NET C# intern at 3S HUE Intersoft so that I can improve myself to become a good Website developer in your professional environment. Moreover, I am also able to use my knowledge in the best way to contribute in achieving the company's goals. Beside I have basic knowledge of Angular and desire to be an full-stack developer.

Education

Hue University of Sciences

Nov 2019-now

Major: Software Engineering

GPA: 3.81/4

Work experience

Internship

*March -September
2022 2022*

Softworld Vietnam

During my previous internship, I was experienced a professional working environment and had the opportunity to collaborate with experienced colleagues. Besides, I also learned more design patterns, frameworks to improve my coding ability.

.NET developer

June 2022-October 2022

Freelance

During this period, I was working on real projects using ASP.NET MVC technology.

Certifications

2022 : TOEIC Certificate with score 775 issued by IIG VietNam
